

LOCKDOWN DATE NIGHT – TEMPLEBREEDY'S ONLINE MARRIAGE COURSE

Templebreedy has your lockdown date night sorted! In a double first, we are running the New Marriage Course, and this is the first time it is being run online.

Starting, Monday 1st March at 7.30pm Isobel and Norman are inviting couples to set aside an hour and a half, grab a glass of wine and some nibbles and join them on Zoom. They will welcome and introduce the session before watching the evening's presentation. (There is a trailer for the Marriage Course below).

There will then be questions around the evening's topic for each couple to discuss together. There is no group discussion – people speak with their partners with their devices muted.

There are seven sessions in all. Each person will need a manual which can be collected or posted if they live too far from Crosshaven. 2 Manuals cost €15.

We hope that this initiative will make doing the Marriage Course accessible and fun for everyone. This is a marriage enrichment course designed for couples of any age group and in any length of marriage and for those preparing for marriage. If couples require further support or assistance, we will advertise further resources and organisations that might be able to help.

Couples can register and get further details from isobel@nijackson.com
